13 Describe Proposed or Completed Operation Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection)

Fasken Oil and Ranch, Ltd. proposes to use off-lease sales and alternate measurement for the Avalon 1 Federal No. 2 and 4 and the El Paso Federal No. 11 and 12. The gas will be metered before it leaves each wellsite and will be delivered into the Enterprise meter located on the El Paso Federal 12 location.

This amends and corrects the Sundry Notice submitted on 4-14-09 stating that the Avalon 1 Federal No. 2 and 4 and the El Paso Federal No. 14 gas was being sold through the Enterprise meter located on the El Paso Federal 12 location. I received incorrect information stating that the El Paso No. 14 gas was being sold with the Avalon 1 Federal No. 2 and 4.

14 I hereby certify that the foregoing is true and correct
