13 Describe Proposed of Completed Operation the proposal is to deepen directionally or reconstruction the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandoni determined that the site is ready for final inspiral.	Clearly state all pertinent details, is omplete horizontally, give subsurface performed or provide the Bond as if the operation results in a minent Notices must be filed only aftection.	including estimated starting date of any pro ace locations and measured and true vertic No on file with BLM/BIA Required sub- sultiple completion or recompletion in a new	posed work and approximate d al depths of all pertinent market sequent reports must be filed v v interval, a Form 3160-4 must	ACCEPTED FOR RECORD	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or reconstruction the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandoni determined that the site is ready for final inspiral.	Clearly state all pertinent details, is omplete horizontally, give subsurface performed or provide the Bond as if the operation results in a minent Notices must be filed only aftection.	including estimated starting date of any pro ace locations and measured and true vertic No on file with BLM/BIA Required sub- sultiple completion or recompletion in a new	posed work and approximate d al depths of all pertinent marke sequent reports must be filed v or interval, a Form 3160-4 must have been completed and the o	ACCEPTED FOR RECORD	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or reconstruction of the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandon determined that the site is ready for final insp.  Final Interim Reclamation finish.	Clearly state all pertinent details, is complete horizontally, give subsurface performed or provide the Bond as If the operation results in a ment Notices must be filed only aft ection.  Shed on 4/22/10	including estimated starting date of any pro ace locations and measured and true vertic No on file with BLM/BIA Required sub- sultiple completion or recompletion in a new	posed work and approximate d al depths of all pertinent marke sequent reports must be filed v or interval, a Form 3160-4 must have been completed and the o	ACCEPTED FOR RECORD  MAY 0 6 2010	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or rect Attach the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandoni determined that the site is ready for final insp.  Final Interim Reclamation finish	Clearly state all pertinent details, is complete horizontally, give subsurface performed or provide the Bond as If the operation results in a ment Notices must be filed only aft ection.  Shed on 4/22/10	including estimated starting date of any pro- ace locations and measured and true vertice.  No on file with BLM/BIA Required sub- uiltiple completion or recompletion in a new ter all requirements, including rectamation,	posed work and approximate d al depths of all pertinent marke sequent reports must be filed v or interval, a Form 3160-4 must have been completed and the o	ACCEPTED FOR RECORD  MAY 0 6 2010  NAT RIFAURCE SPEC.	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or reconstruction of the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandoni determined that the site is ready for final inspection.  Final Interim Reclamation finish.	Clearly state all pertinent details, is complete horizontally, give subsurface performed or provide the Bond as If the operation results in a ment Notices must be filed only aft ection.  Shed on 4/22/10	including estimated starting date of any pro- ace locations and measured and true vertice.  No on file with BLM/BIA Required sub- uiltiple completion or recompletion in a new ter all requirements, including rectamation,	posed work and approximate d al depths of all pertinent market sequent reports must be filed v to interval, a Form 3160-4 must have been completed and the o	ACCEPTED FOR RECORD  MAY 0 6 2010  NAT RIFANIRCE SPEC.	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or rect Attach the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandonin determined that the site is ready for final insp.  Final Interim Reclamation finity.  The interior of the involved operation testing has been completed. Final Abandonin determined that the site is ready for final insp.  Final Interim Reclamation finity.  Tina Hamme (Printed/Typed)  Tina Hamme Time Testing that the foregoing is true.	Clearly state all pertinent details, is omplete horizontally, give subsurface performed or provide the Bond as If the operation results in a ment Notices must be filed only aft ection.  Shed on 4/22/10.	Including estimated starting date of any processor locations and measured and true vertice. No on file with BLM/BIA. Required substitutible completion or recompletion in a new ter all requirements, including reclamation,	posed work and approximate dat depths of all pertinent market sequent reports must be filed work interval, a Form 3160-4 must have been completed and the co	ACCEPTED FOR RECORD  MAY 0 6 2010  NAT RIFANIRCE SPEC.	
13 Describe Proposed of Completed Operation the proposal is to deepen directionally or rect Attach the Bond under which the work will be following completion of the involved operation testing has been completed. Final Abandonin determined that the site is ready for final insp.  Final Interim Reclamation finity.  The interior of the involved operation testing has been completed. Final Abandonin determined that the site is ready for final insp.  Final Interim Reclamation finity.  Tina Hamme (Printed/Typed)  Tina Hamme Time Testing that the foregoing is true.	Clearly state all pertinent details, is omplete horizontally, give subsurface performed or provide the Bond as If the operation results in a ment Notices must be filed only aft ection.  Shed on 4/22/10.	Including estimated starting date of any processor locations and measured and true vertice. No on file with BLM/BIA Required solubitiple completion or recompletion in a new terrall requirements, including reclamation, and the second	posed work and approximate dat depths of all pertinent market sequent reports must be filed work interval, a Form 3160-4 must have been completed and the co	ACCEPTED FOR RECORD  MAY 0 6 2010  NAT RIFANIRCE SPEC.
