13. Describe proposed or completed operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19-15.7.14 NMAC For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion

This well was producing in the Bone Springs. As of 06/01/10 MOC shut this well in due to a new horizontal Bone Spring well being drilled through this 40 acre track. Also, an APD to plug back to the Delaware was sent. After further review, we decided to rescind the APD for the Delaware & put the Bone Spring back on production.
