13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

REFERENCE 1/0821/2010 NOTICE OF WRITTEN ORDER: TO REDUCE LOCATION SIZE.

We are presently securing bids to downsize this location and reseed. Your records will show the last work was actually done in February 2010 for this well bore to open perforations. We assume we will be given the six month time frame to complete this work. Our Belton Mathews and BLM's Bob Ballard are working together by phone to complete this action.

A copy of the referenced "NOWO" is enclosed for your easy reference.

* Interior Reclamation should be completed by 8-1-10 J. Amos
