Gentlemen:

Your Applications for Permit to Drill (APDs) the above referenced wells have expired because drilling has not commenced within two years as per Onshore Order #1.

If a well has not been spud, but site construction activities have occurred or if drilling operations have commenced on a well, please contact Jim Amos of this office at (575) 234-5909 for surface reclamation instructions and send all necessary reports (spud, casing/cementing, etc., 1 original and 3 copies for each well) to the BLM, so we may correct our records.

DS

dm

If you wish to drill these wells at a later date, please submit a complete application (1 original and 3 copies for each well) to this office. Since the original APDs have expired, the resubmitted APDs will be subject to all the processing requirements including the 30-day posting requirement. Please note on the resubmitted APDs that they were previously approved and we will review the expired files for information which will help expedite the processing. If you have any questions please contact Betty Hill at (575) 234-5937.

Sincerely,

Don Peterson
Assistant Field Manager
Lands & Minerals
