13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

The morning of Dec. 15th, an agent of the BLM found that the Dekalb #1's stuffing box was leaking oil. I received a phone call. When I arrived, I noticed about 15 gallons of oil on the ground around the stuffing box. I repaired the stuffing box and picked up the oil soaked dirt and disposed of it properly. It all was completely done within about three hours of the notification.
