13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If

the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones.

Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent report.

Following completion of the involved operations, if the operation results in a multiple completion or recompletion in a new interval, a Final Abandonment Notice must be filed only after all requirements, including reclamation, have been completed and the proposed

testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the proposed

determined that the site is ready for final inspection.

Accepted as to plugging of the well bore.  
Liability under bond is retained until  
surface restoration is completed.
