Well Spudded 4-24-1968.

The contractor has had trouble with this hole; the surface sand have been real tough to get thru. Well was at a depth of 180 ft, and could get no further. Put in new conductor pipe (Now 14" inch) 80 feet of 14" inch. Started carrying 10 3/4 in pipe, stuck tools, pulled 10 3/4 inch pipe, recovered tools, and on the 9th of may, was carrying the 10 3/4 pipe at 140 feet.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
