Dear Mr. Jaramilla:

I refer to the above well, which you inquired about in your letter of March 4th, the lease that this well was on was cancelled by the state shortly after this last report was filed.

The Midwest Refining Company is no longer in existence. There was no work done on the well after that report was filed.

The lease is not in my name, however I have nothing planned for reworking operations at this time.

Trusting this will give you the information that you need.

Yours sincerely,

One copy of each form  
put in Santa Fe file. One of  
each C-103 sent to operator.

To keep "data processing" from  
getting more confused than usual,  
I will let you send ID-2.

I actually made final  
inspection on 10/1/80.

(Horrible trail to location now;  
after gully-washer rain ± 2  
weeks ago.)
