Re: GOR Tests Jackson "B" well  
No 22-K & 23-J, 24-17-30,  
Jackson Abo Pool, Eddy  
County, N.M.

Gentlemen:

In your letter of August 4, 1961 you stated that gas-oil ratio tests would be filed on the subject wells as soon as both wells were "back on production". To date we have received no such test reports.

These tests must be taken and reported to this office in order for the subject wells to appear in the October 1961 District II oil Proration schedule.

Very truly yours,

R. L. Stamets  
Geologist
