**INSTRUCTIONS**

ITEM

1. (A) Enter the month and year that products were sold. A separate certificate must be prepared for each month involved.  
(B) Enter the name of the company submitting this Certificate.  
(C) Check the applicable box to designate whether this is being submitted to the Commission by the operator or purchaser of these products.
2. NO PURCHASER - Place an "X" in this column to indicate that there will be no purchaser report filed for the unit for the month (ie., products have been transported from the production unit but the ownership or control of the products has remained with the operator).  
PRODUCTION UNIT NUMBER - Enter production unit number assigned by the Commission.  
KIND - Use O to designate liquid products; use G to designate gas products.  
VOLUME - Show volume to the nearest whole barrel or MCF.  
VALUE - Show the actual price received for the products at the production unit. This must be the full value without deductions.
3. Show the name and address of the company from which the products covered by this Certificate were purchased and state the date of the purchase.

GENERAL

- A. Items 2 and 3 of this form will be prepared and signed by the operator of the production unit on which the exemption is claimed. A separate form must be used for each production unit and each reporting month.  
Item 1 will be completed by the reporting company.
  - B. The "Certificate of Tax Payment" must be attached to the reports submitted by the person who remits taxes and royalty for the production unit.
  - C. The remitter must not duplicate the volume and value of the products reported on a "Certificate of Tax Payment" on his unit report.
  - D. The non-remitter reporting on such products will report them in the regular manner on his unit report.
- Adopted pursuant to Rule No. 3 of the Oil and Gas Accounting Commission dated August 26, 1959.
