Re: Leonard State #3  
Unit--C Sec. 12-19S-29E  
Eddy County, New Mexico

Dear Sirs:

A recent field inspection of the above described abandoned well shows the sign on the dry hole marker to read as follows: 2310/W 1330/N, Section 12-T 29S-R 32E, which is in error all <sup>or</sup> except for the section number and 2310/W.

Also the pits have not been filled and there is junk on the location. Please notify us when the above discrepancies have been corrected so that the final inspection can be made.

Very truly yours,

OIL CONSERVATION COMMISSION

Howard E. Lobley  
Oil & Gas Inspector

Re: Leonard State #2  
Unit--C Sec. 12-13-32  
Eddy County, New Mexico

Dear Sirs:

A recent field inspection of the above described abandoned well shows the sign on the dry hole marker to read as follows:  
SECTION 12-13-32, Section 12-13-32, which is in error all except for the section number and 32-13-32.  
Also the pits have not been filled and there is tank on the location. Please notify us when the above discrepancies have been corrected so that the final inspection can be made.

Very truly yours,

OIL CONSERVATION COMMISSION

Howard E. Lofley  
Oil & Gas Inspector
