(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This submittal is for the purpose of reporting a possible theft of oil from the Poker Lake No. 64 on 11 August 1997. Pumper recorded 14'5" in tank No. 50219 and switched production to tank No. 50213. On 2 September 1997, the pumper recorded 1'8" in tank No. 50219; however, no run ticket has been located, and Navajo, the purchaser, has no record of receiving a call to pick up the oil. The seal number on tank No. 50219 is 206016, which is the same as was installed on 26 May 1997, the last time oil was sold from this lease. We have not yet been able to determine the date when the drain line seal was installed and verify its number, but it appears to have been in place for some time. It now appears an oil theft of approximately 176 barrels may have occurred.

14. I hereby certify that the foregoing is true and correct  
Signed [Signature] Title President Date September 24, 1997
