13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operations results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation respectfully requests permission to extend the TA Status of this well for possible future use as a Canyon Secondary Recovery well. The estimated date will depend on economic conditions and production in the water flood area. Upon approval of this intent Yates Petroleum Corporation will give a 24 hour notice prior to performing the MIT. A subsequent report will then be sent with the chart attached.

I hereby certify that the foregoing is true and correct
