Re: Geronimo 33 State Com #1

Dear Mr Simer:

30-015-31044

I have received the C-103 you referred to in our phone conversation, however since Atlantic Richfield Company no longer exists and they did not submit the paperwork (C-104) to establish them as the operator of record, your company is still the operator of this well.

I am enclosing a copy of the last submitted C-104(b) we have received, naming your company as the new operator.

Sincerely,

Gerry Guye  
Deputy Field Inspector  
District II – Artesia

Re: GERONIMO 33 STATE COM 001

Dear Mr. Guye,

I received the inactive well - notice of violation for Geronimo 33 State Com 001. I have attached a copy of Form C-103, which was received and approved by your office on September 25, 2000. As of September 19, 2000, Atlantic Richfield Company took over the well.

I hope this addresses this issue in its entirety. Please call our office at (505) 885-1313 if you have any questions.

Regards,

Gene Simer  
District Operations Manager
