13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation wishes to extend the captioned well's APD expiration date for one (1) year to 11/18/2005.

Any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines with approved general permit on file.

The State Engineers Web Site has been accessed for the captioned well. There were no records found of ground water depth, wate well, or any indication of any surface water in the section surrounding this well location.

H2S Contingency plan per Rule 118 is attached.

Thank you.
