13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

The last MIT was performed on 11.12.03 and was witnessed by Clark Bennett, BLM CFO. A xerox copy is attached for your records.

Since that period, BP America Production Company has not developed a prioritized well package for Interest Owner approval and additional funding for exploration potential in the Empire Abo Unit field. Therefore, BP requests permission to retain TA status until another wellwork program can be established and put in progress.
