If this is a pit closure: (1) Attach a diagram of the facility showing the pit's relationship to other equipment and tanks. (2) Indicate disposal location: (check the onsite box if your are burying in place) onsite offsite. If offsite, name of facility		
Additional Comments:		
We plan to trench bury the drilling pit at the Apache 25 Federal #13. As per rule 50 of the Pit and Below-Grade Tank Guidelines, we will line the trench with 12 mil liner And bury pit contents and liner then cover with 20 mil plastic. We will cap with 3' of native material capable of supporting native plant growth. We will contour the pit area To prevent erosion and ponding of rainwater over the site.		
I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines , a general permit , or an (attached) alternative OCD-approved plan .
