RE: LIVINGSTON RIDGE UNIT #1 API# 30-015-21501-00-00 1980 S - 990 W 36-21-30

Dear Sir or Madam:

The Artesia District of the Oil Conservation Division on 18 March 2005, during a routine inspection, found two pits associated with the Livingston Ridge # 1. The Artesia OCD office does not have any record of these pits being declared as per Rule 50. Please provide this office with information that Marbob may have that the pits were declared. Also please submit a detailed closure plan for the pits. In this plan please include water information from the water well that is approximately 150' west of the well. Please have this information in this office on or before 15 April, 2005.

Your assistance in this matter is appreciated.
