13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Western Reserve is requesting an extension to implement the surface reclamation plan. (Dated: November 29, 2011) As requested by the BLM, soil samples were collected from the site to evaluate the soil on the pad. Prior to implementing the reclamation plan, a second set of samples will be collected at the Bevmor 24 Federal #2 site. Once the samples are evaluated, both sites will be reclaimed together. Extension for additional data and final approval of restoration plan - July 1, 2012.
