13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Mewbourne Oil Company has an approved APD for the above captioned well. After further review of the COA's, BLM showed to have 985' as setting depth for the 9 5/8" surface casing & MOC applied for 735'. Called Chris Walls (BLM Carlsbad) about why BLM changed the setting depth. After further review, Mr. Walls approved the 735' setting depth.

If you have any questions, please call Paul Noseff @ 575-393-5905.

Bond on file: NM1693, Nationwide

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #142261 verified by the BLM Well Information System
