Type of Release	Oil and produced water	Volume of Release	8bbls Oil 5bbls Produced water	Volume Recovered	8bbls Oil 4bbls Produced water
Source of Release	Gun barrel	Date and Hour of Occurrence	03-21-2013	Date and Hour of Discovery	03-21-2013 12:00am
Was Immediate Notice Given?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?			
By Whom?		Date and Hour			
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			
If a Watercourse was Impacted, Describe Fully.*					

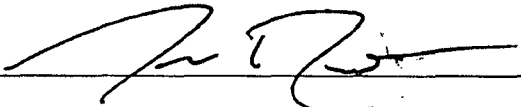

Describe Cause of Problem and Remedial Action Taken.\*

Bypass valve around auto inlet valve left open filling the gun barrel. The valve has been shut.

Describe Area Affected and Cleanup Action Taken.\*

Initially 8bbls of oil and 5bbls of produced water were released due to the bypass valve around auto inlet valve being left open and filling the gun barrel. We were able to recover 8bbls of oil and 5bbls produced water with a vacuum truck. The spill was completely contained inside the lined facility walls. All free fluid has been recovered. Any contaminated gravel has been removed, the liner has been steam cleaned, and we have replaced with fresh gravel as necessary. This facility has been returned to its prior condition.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
