If a Watercourse was Impacted, Describe Fully.*

RECEIVED
MAY 17 2013
NMOCD ARTESIA

Describe Cause of Problem and Remedial Action Taken.*
The 3" poly flow line split, the damaged area was cut out and the pipe was fused back together.

Describe Area Affected and Cleanup Action Taken.*
Approximately 360 sq. ft. of lease road, and approximately 1800 sq. ft. of pasture. The free standing fluid was picked up from the road, all of the fluid that was spilled had soaked into the ground in the pasture.
The spill will be remediated using the NMOCD recommended guidelines for the remediation of leaks.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
