If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 31604 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.) BLM Bond No. NMB(0520 Surety Bond No. B004230 Nadel and Gussman HEYCO, LLC will curtail production from May 15 through May 31st due to DCP Midstream production constraints. Tota estimated production to be curtailed is 2,210 bbls oil and 4,352 mcf of gas. The well will be returned to production on June 1, 2013. It is production Tech Signature Approved by Title Production Tech Signature Approved by Conditions of approval, if any, are attached.
