NATURE OF RELEASE

Type of Release: Produced water	Volume of Release: 15 bbls	Volume Recovered: None
Source of Release: Produced water storage tank	Date and Hour of Occurrence: 4/27/14 at 10 a.m.	Date and Hour of Discovery: 4/27/14 at 10 a.m.
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom? Tony Savoie	Date and Hour 11/26/12 at 10:22 a.m.	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse	
If a Watercourse was Impacted, Describe Fully.*	<div style="border: 2px solid black; padding: 5px; text-align: center;"> <p>RECEIVED</p> <p>MAY 09 2014</p> <p>NMOCD ARTESIA</p> </div>	
Describe Cause of Problem and Remedial Action Taken. The produced water transfer pump failed to start due to blown fuses. The facility normally makes less than 100 bls of water per day. The water production for the day was three times the normal production; it is suspected that produced water was unloaded into the water storage tanks from an unknown source.		
Describe Area Affected and Cleanup Action Taken.* The spill impacted an area of approximately 900 sq.ft. inside the tank batteries earthen containment. There is a remediation underway at the facility dealing with an unauthorized release on the well pad and reserve pit. The affected area in the pasture will be remediated in accordance to the NMOCD guidelines.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
