If a Watercourse was Impacted, Describe Fully.\*  
NA

Describe Cause of Problem and Remedial Action Taken.\*  
Thread Joint worn out and casing burned line to leak. The system was shut in and the line repaired.

Describe Area Affected and Cleanup Action Taken.\*  
The affected area was approximately a 20 square foot area with an estimated 3-4 ft. vertical. DFSI was retained for the remediation of this leak site. All Impacted soils were removed to an NMOCD approved facility. Pasture area was restored to its natural state according to BLM guidelines.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
