RE: Turner B #56 - Site Activities for Reclamation

Section 30, T17S R31E

LC-029395-B

Mr. Wall,

The well and caliche pad at this site were previously removed. Detailed herein is a summary of seeding activities at the site by Diversified Field Service, Inc. (DFSI) following the removal of the well and caliche pad. DFSI personnel removed the caliche from the surface of the lease road for future use. On February 27, 2014 a total of 50 pounds of Lesser Prairie Chicken seed was broadcast over the entire area. The seed was then tilled into the soil. (See Site Photographs).

Thank you for allowing DFSI to assist you in this matter. Please call me with any questions and/or comments.

Sincerely,

Natalie Gladden
