Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	Mike Bratcher/Randy Pair		
By Whom?	Gloria Garza	Date and Hour	07/09/15 10:30 pm	NM OIL CONSERVATION ARTESIA DISTRICT	
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	JUL 16 2015		

RECEIVED

Describe Cause of Problem and Remedial Action Taken.*

The gas regulator on the safety system of the well was installed incorrectly and rather than having a supply of gas it was getting fluids. The regulator failed which failed to shut in the well. This has been corrected.

Describe Area Affected and Cleanup Action Taken.*

Location pad and slightly down a cow path into the pasture area. An environmental company will delineate and develop work plan.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
