RE: Burnett Oil Co. Pit Closures for the Gissler A #24

Mr. Gum,

Diamondback Disposal Services, Inc. (Diamondback) recently completed the deep burial of the Gissler A #24 for Burnett Oil Company. Upon your request Diamondback collected, packaged, and shipped with chain of custody samples to Assaigai Laboratories in Albuquerque, New Mexico. Enclosed are copies of the analytical from each site. If you have any questions or require further information please feel free to contact our office at (505) 392-9996.

Thank you,

Justin Roberts
President

Unless otherwise noted, all samples were received in acceptable condition and all sampling was performed by client or client representative. Sample result of ND indicates Not Detected, ie result is less than the sample specific Detection Limit. Sample specific Detection Limit is determined by multiplying the sample Dilution Factor by the listed Reporting Detection Limit. All results relate only to the items tested. Any miscellaneous workorder information or footnotes will appear below.

Analytical results are not corrected for method blank or field blank contamination.
