Chris Beadle:

Bass Enterprises Production Co. has completed action needed, per your conversation with Mike Wagood of our Carlsbad office, on the Poker Lake Unit #133. A cap was welded on the conductor pipe on 2/10/06. The location was not removed due to the possibility of drilling this well in the future.

If you should have any questions, please contact Cindi Goodman at the above letterhead address.

Sincerely,

Michael Lyon
Division Production Superintendent
