A review of the subject well reveals this well has been placed in a wrong pool designation. The correct pool designation should be 98125 WC-015 G-06 S232704H;Upper Wolfcamp. This is an oil pool and representative of this well's classification and location. Dedicated acreage will reduce to 160 acres. I am making this change in our records today and noting on regulatory forms we have received recently for this well and pending approval. Please note these changes in your records.

If you have any questions, please let us know. Thank you ~
