Mr. Yates,

Your Form C-144 "Modification to an existing permit/or registration", which proposes to trench bury the pit contents on site, is approved. The trench bury operation must meet all requirements per 19.15.17 [NMAC]. Please notify the OCD District 2 office once operations have been scheduled.

OCD approval does not relieve the operator of liability should their operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,

Mike Bratcher
