**NATURE OF RELEASE**

Type of Release Produced Water	Volume of Release 5bbls	Volume Recovered 1bbl
Source of Release Water line from test separator	Date and Hour of Occurrence July 26, 2016 @ 10:00 AM	Date and Hour of Discovery July 26, 2016 @ 10:00 AM
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Jim Amos, BLM Mike Bratcher, OCD	
By Whom? Mike McMahan, Asst. Production Foreman	Date and Hour Jim Amos, BLM July 26, 2016 @ 12:30 PM Mike Bratcher, OCD July 26, 2016 @ 12:35 PM	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse N/A	

If a Watercourse was Impacted, Describe Fully.\*

N/A

Describe Cause of Problem and Remedial Action Taken.\*

A water line from the production test separator to the water tank developed two leaks due to corrosion. The line was isolated to stop the release. Working on repairs to the line.

Describe Area Affected and Cleanup Action Taken.\*

Approximately 5bbls produced water was released on location from two separate leaks on a single water line that travels from the production test separator to the water tank on the Northwest side of pad. Each release flowed in a Northern direction into the pasture. Approximate total size of the first affected area was 15'x30' including 5'x5' in the pasture and the second area affected was approximately a total size of 15'x20' including 1'x15' in the pasture. A vacuum truck was contacted and recovered 1bbl produced water. An environmental agency will be contacted for remediation.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
