BOPCO, LP respectfully submits this sundry notice to request the referenced well remain in shut-in status for 1 year. This well is included in the Shut-In Agreed Compliance Order submitted to the NMOCD.

Recompletion potential to the Delaware has been previously identified. Plans to return the well to production rather than plug and abandon the wellbore were made but suspended when it became uneconomical to do so. BOPCO requests approval to leave the well shut-in to allow time for an improved economical environment to develop. The well currently has all equipment on location, tubing and packer remain in the wellbore.
