13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Burnett is requesting an extension to the previously approved Temporary Abandonment of this well. The TA status was approved through 2/4/16 and Burnett is requesting a year extension to the TA status through the end of February 2017.

We would like to keep this well in TA status in order to further study currently drilling and planned horizontal wells within the lease area before cutting a horizontal window into this existing vertical well.
