If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

*Capped pit by digging out 4" of existing pit material then re-covered with 6" of top soil. Operator proposes to spread the 50/50 blend seed, as recommended, by tilling and then broadcasting. Operator requests approval to postpone such action to take place in May-June before the start of Monsoon season (July-August).*

Copy of this sundry is sent to Mike Bratcher at the NMOCD.
