Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Fasken Oil and Ranch, Ltd. requests a shut in status for the El Paso Federal No. 7. It is uneconomic to be re-activated as a producer. Please see the attachment of the production/injection history from the last 12 months it was producing. All the surface/subsurface equipment is still on site. We plan to return the well to production when it becomes economically feasible to produce.
