	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	Change to Original A
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	PD

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Accepted for record - NMOCD

SC 11-29-17

Please see below a summary and justification as well as the attached supporting documentation pertaining to the subject sundry for your review and should you have any questions do not hesitate to contact me. Thank you.

Summary: Chevron requests a variance to use FMC Technologies UH-S Unihead wellhead, which will be run through the rig floor on surface casing. BOPE will be nipped up and tested after cementing the surface casing. Subsequent tests will be performed as needed, not to exceed 30-days. The field report from FMC Technologies and BOP test information will be provided in a subsequent report at the end of the well. Please see the attached wellhead schematic. Additionally, an installation manual was placed on file with the BLM office and remains unchanged from the previous submission.

Justification: Chevron has been working with FMC for the last 1.5 years (approximately) to develop
