South side of the location behind the tanks - additional 250' x 20' South/Southeast side behind the FWKO & Heater Treaters - Additional 40' x 80'

The additional space represents approximately 10,200 sq. ft. and will stay within the area immediately adjacent to the location and does not encroach into the pasture. We will also be adding a berm along the East side of the existing pad.

All construction material for the pad expansion will be native caliche from the nearest BLM approved pit located at NW ? SE ? of Section 11 in T17S, R31E, Eddy County, NM. A caliche permit will be obtained from BLM for the caliche pit located at NW ? SE ? of Section 11 in T17S, R31E, Eddy County, NM by the dirt work vendor prior to pushing up any caliche.
