Subject: Freedom 36 State SWD #1 – SHL change
30015-44489
Sec. 36, 24S, 26E – Eddy County, NM

Dear Mr. McMillan,

Cimarex Energy Co. requests approval to move the Freedom 36 State SWD #1 surface hole location as indicated below:

Proposed SHL: 1290' FSL & 660' FWL, Sc. 36, 24S, 26E – Eddy County, NM.

Cimarex set 20" conductor pipe instead of the necessary 30" conductor pipe when preparing the location for drilling. The proposed installation of the 30" conductor pipe will require a 10' move away from the permitted surface hole location to ensure no interference from the 20" conductor.

I have reviewed the disposal permit and found that the AOR does not change and no additional notifications are required as outlined in the disposal permit.

Please find attached the sundry notice and C102 requesting the change in surface hole location.

Please let me know if you have any questions or need additional information.

Sincerely,

Terri Stathem
Manager, Regulatory Compliance
