13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

On 5/2/19, An APD was approved by the NMOCD for this well as a 2,700' vertical test well. An ammended APD which included a horizontal leg was later approved by the NMOCD.

Operations have commenced on this well and this C-103 is submitted in order to calrify that Tamaroa Operating plans to drill a 2700' vertical pilot hole. The vertical hole will be logged and sidewall cores collected. After drilling the pilot hole, a cement plug will be placed with the top at the 8 5/8" shoe. The plug will be used as a kickoff for the lateral section.
