13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Apparently the original APD for this well was permitted as a Pure Resources, L.P. (instead of HEC Petroleum, Inc.) well causing the actual (HEC Petroleum, Inc.) Property Code #4876 to be crossed out and a property code of 34470 to be written in. This further resulted in all subsequent completion forms filed for this well to have the proper operator name of HEC Petroleum, Inc. but the incorrect Property Code of 34470.

The CORRECT Operator for this well is HEC Petroleum, Inc. The CORRECT Property Code should be 4876.

We are attaching a complete CORRECTED set of completion forms (C-103's, C-104's, & C-105's) to reflect these corrections. If further information or confirmation is necessary, please let us know. We sincerely apologize for any inconveniences this has caused and hope that this will rectify this problem and allow proper production reporting.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
