13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

OXY USA INC reports that for the location above, site inspections confirm that all corrective measures taken to reclaim the site to BLM standards are complete and satisfactory. Final inspection of this site and placement of site into ?No Further Action? status is requested for final closure of the site.

Excess caliche on loc. Return to condition matching surroundings.

14. I hereby certify that the foregoing is true and correct.
