Sampling for TPH conducted and Analytical Report attached. Requesting Final Closure.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

RE: Parish IV Battery (NDDUP 078)  
Unit K, Sec. 19, T19S, R25E  
Eddy County, New Mexico

30-015-25732

Dear Mike,

Yates Petroleum Corporation is providing the attached analytical information and the Final Report C-141 to request final closure on the Parish IV Battery (NDDUP 078).

Per our telephone discussion May 1, 2006 regarding analytical sampling results on the Parish IV Battery (NDDUP 078) and based on those results, Yates respectfully requests NMOCD to grant final closure.

Your consideration is appreciated.

Sincerely,

Sherry Bonham  
Environmental Regulatory Agent Trainee
