Yates Petroleum Corporation wishes to extend the captioned well's APD expiration date for one (1) year to July 8, 2007.

Sources at YPC have relayed information to me that there will not be enough H2S found from the surface to the Wolfcamp formation to meet the OCD's minimum requirements for submission of a contingency plan per rule 118.

Thank you,

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☒ or an (attached) alternative OCD-approved plan ☐.
