Threshold Development Corporation respectfully requests permission to vary the Application for Permit to Drill for the Location and Type of Water Supply. The original application stated that water would be obtained from commercial sources and would be trucked to location.

We request that the water will come from a private source - Jane Shafer's water water located in Section 20-T24S-R18E, and will be provided to the drilling site by a fas-line.

Water quality will meet or exeed water requirements listed in the Conditions of Approval attached to the Application for Permit to Drill.

Water will be sampled and tested.
