RE: 30-015-00303

ATOKA SAN ANDRES UNIT 115

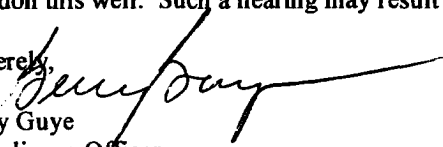

Dear Sirs:

This second directive is to notify you that this well is still in violation of OCD Rules.

On May 16, 2003 a letter was sent notifying you of this wells failure of mechanical integrity standards. A review of our records indicate no action has been taken to bring this well into compliance.

In the event that a satisfactory response is not received to this letter of direction by September 12, 2003, further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon this well. Such a hearing may result in imposition of **CIVIL PENALTIES** for your violation of OCD rules.

Sincerely,

Gerry Guye
Compliance Officer
NMOCD - District II
