13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 day following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

S

Dear Kaye,

1) If you have not already done so, please submit the actual directional survey to our office as I do not see one included in the package of regulatory information received on 11/16/2006.

2) Please resubmit (on BLM's form 3160-5) an amended report and note the actual amount of cement circulated to surface.

Please note that your casing pressure test does not comply with New Mexico Oil Conservation Division (NMOCD) Rule 19.15.3.107(I)(1).

Nor does it comply with the WOC time required on surface casing. NMOCD Rule 19.15.3.107(G)(1).

I also do not see scanned into website the regulatory information ( a subsequent report) for the production string of casing.

In addition, I need to see if Parallel Petroleum Corporation has an approval for non standard location (NSL) for this well

to produce from the Wolfcamp?

Until one is approved from our Santa Fe office, I cannot approve your C-104 (Request for Allowable and Authorization to Transport).

Also, please explain to me in writing why Parallel Petroleum Corporation submits their regulatory paperwork late. The information received by our office on 11/16/2006 should have been sent months ago. Please provide me with the requested information by 11/27/2006.

Yours truly,

Bryan G. Arrant  
NMOCD District II Geologist
