A pit closure C-144 was approved on 10-31-2006 to close the reserve pit for the well. A second pit registration form was filed to open a frac pit in the location of the drilling pit after it was closed. The pit permit was also approved on 10-31-2006. The original drilling pit was not closed at that time and no frac pit was constructed. The drilling pit will now be closed as per the original approved C-144 pit closure and the second pit permit will not be utilized. It is requested that the second pit permit for the frac pit be canceled.
