Re: Unorthodox Location Administrative Approval Request Dodd Federal Unit #532 1550' FSL & 2185' FEL Section 15 T-17S R-29E Eddy County, New Mexico

Dear Mr. Arrant:

Marbob Energy Corporation respectfully requests administrative approval for an unorthodox location of the Dodd Federal Unit #532well as referenced above. Attached is an OCD Form C-102 showing the proposed oil well spacing unit along with a map showing the adjoining spacing units. The well is unorthodox to the south boundary of the NW/4SE/4. The affected spacing unit is included in the Dodd Federal Unit which covers East half of Section 15. Marbob Energy is the operator of the affected spacing units. Marbob Energy Corporation is the operator of the other spacing units with Chesapeake operating deeper depths on one of the offset proration units. A copy of the letter to Chesapeake is enclosed with this application and a fax confirmation showing their date of receipt.

This location is at an unorthodox location because of a high pressure gas line and arroyo due north. This was the closest alternative.

Thank you for your consideration of this. If you need to talk with me further please call me at 800-748-1550.

Sincerely,

Raye Miller Land Department

Attention: Mr. Craig Barnard

Re: Unorthodox Location Offset Operator Notice Dodd Fed. #532 1550' FSL & 2185' FEL Sec. 15 T17S – R29E Eddy County, New Mexico

Dear Barnard:

Chesapeake is the operator of a well west of this proposed location. This letter serves as notice of our application for approval of this project. A copy of the full application is enclosed for your review. If you have any objection to this application please timely file your objection with OCD in Artesia, NM. If you have any questions regarding our application please contact me.

Sincerely,

Raye Miller Land Department
